

RivetKing® ABA-CE Series · All Aluminum Rivets · Closed End

ALL ALUMINUM-DOME HEAD • CLOSED END BLIND RIVET

RIVET: DOME HEAD, POLISHED, 1100 ALUMINUM | MANDREL: POLISHED, ALUMINUM | IFI-126 GRADE 9

Closed End Rivets are used when a weather proof/ leak proof seal is needed. Its completely closed end design prevents liquids, moisture, air and other contaminants from entering the riveted hole and/or the rivet itself. The RivetKing® Closed End rivet design guarantees the mandrel head is fully retained within the rivet. RivetKing® Aluminum/Aluminum Closed End rivets are bright polished for aesthetics and to prevent oxidation. The Aluminum Rivet / Aluminum Mandrel configuration is corrosion resistant.
