Statement on Environmental Compliance

At Industrial Rivet & Fastener Co. (IRF), we take our environmental responsibilities seriously and are committed to complying with all applicable environmental laws and regulations whenever possible, including the European Union (EU) Waste Framework Directive (WFD) (2008/98/EC) and the regulation on persistent organic pollutants (POPs) (EU) 2019/1021. Our company recognizes the importance of preserving the planet for future generations and is dedicated to implementing best practices to minimize our impact on the environment.

IRF will establish objectives and targets aimed at striving for more sustainable business operations by continuously improving our environmental performance. Our commitment is demonstrated through the implementation of management systems designed to improve the efficiency of energy and resource use, reduce greenhouse gas emissions, minimize waste generation, reduce the release of POPs into the environment, and promote recycling and reuse of materials.

We believe that environmental responsibility is a shared obligation, and we will engage with all our stakeholders, including employees, customers, suppliers, and vendors to promote environmental responsibility and create a sustainable future.
